Gas Log Sets

HARGROVE VENT-FREE SETS

The fireplace is a focal point and place to gather around when there is a chill in the air. Hargrove's Vent-Free Sets provide beauty and warmth to complete the desired cozy atmosphere. Select from various traditional log looks and burner styles or a contemporary linear style burner.

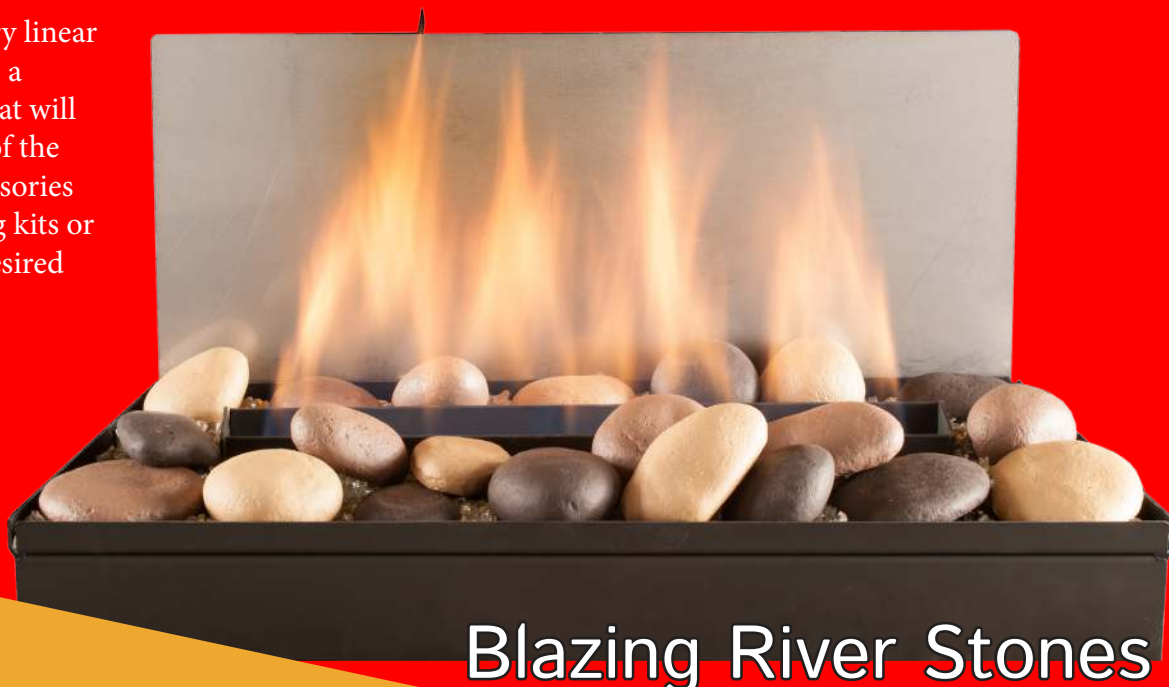

With 99% heating efficiency, these sets operate using less gas, saving you energy and dollars. Our Vent-Free Sets are ANSI certified for natural or propane gas and are equipped with an Oxygen Depletion Sensor for safe operation. An assortment of control options are available, from manual to thermostatic remote, making operation of your gas logs easy. Hargrove's Vent-Free Sets are approved for use in a solid-fuel burning fireplaces and specifically approved vent-free fireplaces.

— Beauty, Warmth, Atmosphere —

ELEMENT SERIES

Element Series is a contemporary linear style burner system. Included is a mirrored stainless back panel that will enhance and reflect the beauty of the flame. A wide selection of accessories from fire glass to decorative twig kits or river stones will complete the desired modern look.

Decorative Accessories

Hargrove's Decorative Accessories are great for customizing the look of your vent-free log set. Our Pine Cones, Acorns and Bark Chips can be arranged around the log set on the floor of the fireplace to enhance the realistic look.

Note: decorative accessories must not be placed on the log stack or glowing ember bed as to prohibit any contact with burner flames.
