JENSEN OUTDOOR

The Legacy of 'Outside of Ordinary'

How we live up to our mission: to bring the highest-quality sustainable wood furniture in the world, to your outdoors.

Being 'Outside of Ordinary' drives us to source, design, and craft sustainable wood outdoor furniture that creatively uses the world's best materials, in ways purpose-built to expand your home's footprint out of doors.

In the endless pursuit of our goal, it is imperative that we protect our forests using sustainable sourcing techniques ensuring the highest-quality natural materials are available for generations to come.

During our 'always on' design approach there is a collaborative process that connects our forestry operations in Bolivia, to our design teams in the United States and Europe.

What excitingly new, yet pleasingly familiar, idea can we bring to the outdoor market that best accentuates the striking beauty of the sustainable materials we have to work with? Over the years we have sustainably innovated our designs and craftsmanship to meet with an ever-changing need while ever remaining, 'Outside of Ordinary'.

Based in Richmond, Virginia, Jensen Outdoor manufactures luxury outdoor wood furniture for the North American market.

FURNITURE FROM FOREVER FORESTS

Our **Sustainability Approach**

Jensen Outdoor maintains over 2 million FSC®-Certified acres of pristine dry-tropical forest in Eastern Bolivia, ensuring our forests will be as timeless as our heirloom-durable furniture.

The forests of Eastern Bolivia are nature in the purest form, worth preserving for future generations.

Since 1995, Jensen Outdoor has been a leader in the outdoor furniture industry by receiving one of the first, and annually re-certified accreditations from the Forest Stewardship Council® (FSC®) for our small footprint harvesting techniques. This level of care through sustainable forest-management provides protection for more than 2 million acres of Bolivian forests alone.

Renowned as the gold standard in forestry certification, FSC® has established strict environmental and social standards for responsible forest management and harvesting practices, only accrediting such organizations who share this dedication.

Today, the luxury furniture crafted by Jensen Outdoor exclusively features FSC®-Certified timbers. As a result, every piece of Jensen Outdoor wood furniture directly preserves millions of acres of dry tropical forests, along with the welfare of forest workers and their families, for generations to come.

IPE WOOD

Aged to **Perfection**

Ipe ages to an elegant silver patina over time and may be restored to an 'as new' finish at any time.

Ipe is one of the densest premium hardwoods in the world. Two times harder than teak and considerably more water and flame-resistant, this fine hardwood has been the choice of top designers, upscale builders and discerning individuals for outdoor furniture, flooring and decking for more than a century.

The remarkable resilience of Ipe wood provides protection from damage, scuffing, cracking and warping due to weather, wear, and time. Jensen Outdoor's Ipe timber exhibits a deep chocolate-brown grain when new that may be allowed to naturally age to an elegant silver patina or brought back to an 'as new' finish at any time. With proper care and maintenance, the strength, color and beauty of Ipe wood can be enjoyed for a lifetime.

Stages of Ipe Finish:

MATERIALS...

Heirloom Quality Furniture Requires the Right Stuff

Sustainable Ipe Wood

FRAMES, SURFACES

Ipe wood, the crown jewel of timbers, embodies the heirloom-quality standard we hold all of our materials to. Ipe is a timber prized for its beauty and long-lasting durability in any environment. The strikingly beautiful chocolate-brown shades of Ipe timber enhance any décor with timeless style.

Woven Viro® Fiber

SURFACES, SEATING BASKETS

Nature safe woven Viro® Fiber is perfectly suited to outdoor use through superior resilience, indelible color fastness, and stylistic allure. Viro® Fiber is expertly handwoven around commercial-grade powder coated aluminum frames allowing the fiber to ergonomically conform to your shape.

Fabrics by Sunbrella®

CUSHIONS, PILLOWS

For decades, Sunbrella® has been the fabric of choice for Jensen Outdoor, offering the luxury of carefree comfort and distinctive style in any environment. Each solution-dyed acrylic fabric is crafted with remarkable attention to detail and designed for exceptional performance whether indoors or out.

High Pressure Laminate

TABLE SURFACES

Commonly known as HPL, high pressure laminate is comprised of kraft paper enriched with resin. This high-tech composite creates a layered modern material with a surface finish that is designed for excellent antimicrobial qualities and exceptional longevity.

Durable Aluminum

FRAMES, SEATING BASKETS

Remarkably durable yet lightweight, commercial-grade powder coated aluminum is ideal for outdoor applications. The powder coating provides a strong protective seal, shielding the furniture from the elements, corrosion, fading and scratches over time.

Multi-Layer Cushions

CUSHIONS, PILLOWS

Jensen Outdoor uses a structural multi-layer cushion system to ensure that the appropriate durability and comfort are built in to your cushions for years of use. Each cushion is handmade in the USA to fit your frame perfectly.

Easy Care Products

IPE WOOD, SUNBRELLA® FABRIC

Maintaining the beauty and comfort of your Ipe wood furniture and cushion fabrics is simple with Jensen Outdoor's custom care supplies, manufactured to keep your furniture in tip-top shape all year long.
